

Modular components for different applications

Thanks to the TYROLIT Modular System, the components from a variety of our high-frequency systems can be used for wall and wire sawing, and also for circular wire sawing and drilling.

Furthermore, this interdisciplinary modularity also applies to hydraulic power units and drill rigs, which can, for example, be used for drilling and wire sawing.

Example:

WSE1217***

10988900 Electric drive motor WSE1217***	
10989300 Electric control unit WSE1217***, remote control included	
Wall sawing	with WSE1217*** components
Wire sawing	with WCE14*** components
Wire sawing circular	with CCE25*** components
Drilling	with DGB1000 drilling gearbox and drill rig

WSE2226***

10986800 Electric drive motor WSE2226***	
10986700 Electric control unit WSE2226***, remote control included	
Wall sawing	with WSE2226*** components
Wire sawing	with SB-E components

Drill rigs

10987700 Drill rig DRA500***	
Wire sawing	with WCE14*** WCH14*** components
Drilling	with drill motors
974266 Drill rig BC-2	
Wire sawing	with SK-SD components
Drilling	with drill motors

Hydraulic motors

976160 Motor complete B/S 16ccm / FD	
976161 Motor complete B/S 18ccm / FD	
976162 Motor complete B/S 22ccm / FD	
976163 Motor complete B/S 30ccm / FD	
Wall sawing	with DZ-S2 components
Wire sawing	with WCH14*** components
Wire sawing circular	with CCH25*** components
Drilling	with GR extension

Hydraulic motors

976164 Motor complete S 20ccm / FD	
976165 Motor complete S 25ccm / FD	
976166 Motor complete S 31ccm / FD	
Wall sawing	with FZ-4S components
Wire sawing	with SB components

Hydraulic drive units

10983600 Drive unit PPH20**	
Wall sawing	with DZ-S2 WZ FZ-2ST FZ-4S possible
Wire sawing	with SK-SD WCH14***
Wire sawing circular	with CCH25*** components
Drilling	with hydraulic drill systems
Hand sawing	with ring saw HRH500***

10984200 Drive unit PPH25**

Wall sawing	with DZ-S2 WZ FZ-4S FZ-2ST
Wire sawing	with SK-SD and WCH14*** SB possible
Wire sawing circular	with CCH25*** components
Drilling	with hydraulic drill systems
Hand sawing	with ring saw HRH500***

10983900 Drive unit PPH25RR***

Wall sawing	with DZ-S2 WZ FZ-4S FZ-2ST
Wire sawing	with SK-SD WCH14*** SB
Wire sawing circular	with CCH25*** components
Drilling	with hydraulic drill systems
Hand sawing	with ring saw HRH500***

10983400 Drive unit PPH40RR***

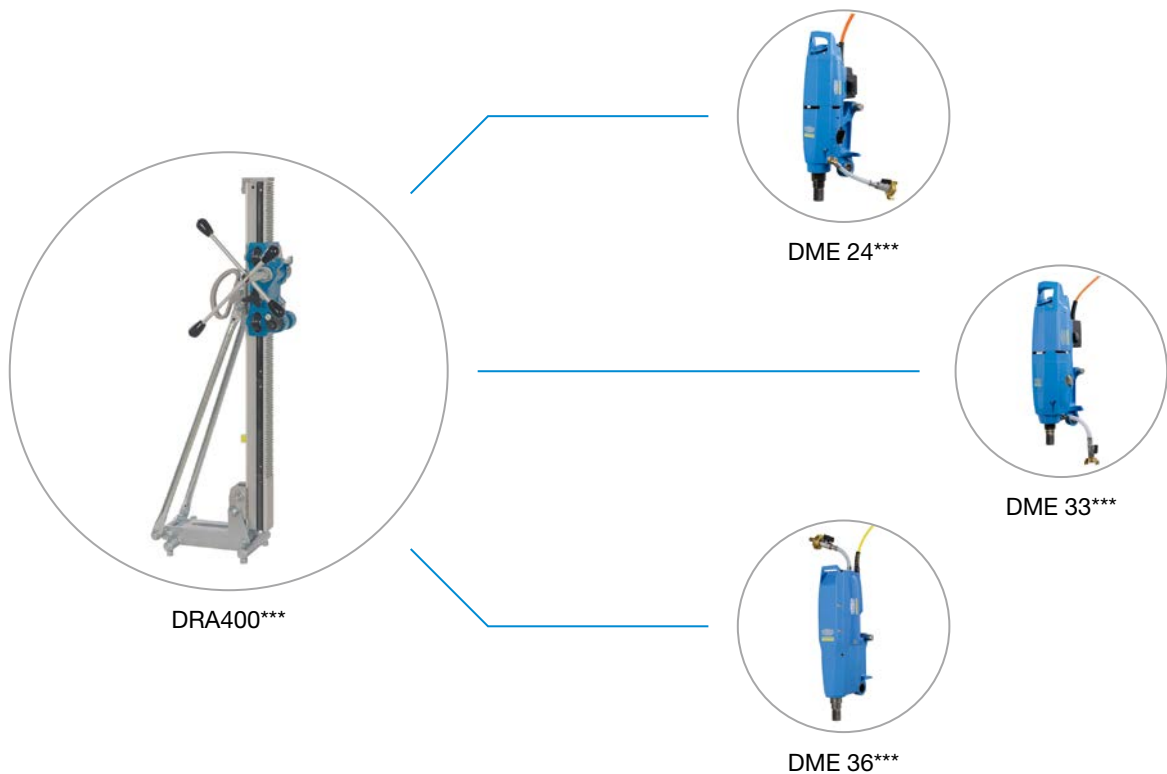

Wall sawing	with FZ-4S FZ-2ST
Wire sawing	with SB SK-SD possible
Drilling	with hydraulic drill systems
Hand sawing	with ring saw HRH500***

Modular components within the same area of application

A variety of the TYROLIT system components can also be used within the same type of application.

Example:

ModulDrill clamping system

10987500 Drill rig DRA250***

10984500 Drill rig DRU250***

10984112 Drill rig DRU350***

10987600 Drill rig DRA400***

10984600 Drill rig DRU400***

Drilling with DME24MW*** | DME24UW*** | DME33MW***
DME33UW*** | DME36MW*** | DME36UW***

10987700 Drill rig DRA500***

Drilling with DME24MW*** | DME24UW*** | DME33MW***
DME33UW*** | DME36MW*** | DME36UW***
DGB1000*** | hydraulic options

974266 Drill rig BC-2

Drilling with DME24MW*** | DME24UW*** | DME33MW***
DME33UW*** | DME36MW*** | DME36UW*** | DGB1000***

Blade guards

10984099 ALL-IN-ONE blade guard 800mm (3 parts)

10984100 ALL-IN-ONE blade guard 1000mm (3 parts)

10984101 ALL-IN-ONE blade guard 1200mm (3 parts)

Wall sawing with WSE1217** | DZ-S2 | WZ | FZ-2ST | FZ-4S
WSE2226*** possible with uptake

10977132 Blade guard 1460mm (2 parts)

977606 Blade guard 1600mm (2 parts)

976184 Blade guard 2200mm (2 parts)

Wall sawing with WSE1217*** | WZ | FZ-4S | FZ-2ST
WSE2226*** possible with uptake

Rail systems

VAS rail system

Wall sawing with WSE1217*** | WSE2226*** | DZ-S2 | WZ | FZ-2ST

VS rail system

Wall sawing with WSE1217*** | WSE2226*** | DZ-S2 | WZ | FZ-4S | FZ-2ST

V track foot, steel

Wall sawing with VS rail system

V track foot, alu

V swivel track foot

V rotating track foot

Wall sawing with VAS / VS rail system
